4. About the Weston Charity Awards:

Now in its tenth year, the Awards celebrate and support great frontline charities working in the fields of community, environment, welfare and youth. Funded by the Garfield Weston Foundation and delivered by Pilotlight, charities with incomes under £5 million in the North and Midlands of England, and in Wales can apply. Initially launched in the North East of England in 2014, the Weston Charity Awards quickly expanded to the North West, the Midlands and, in 2018, Wales - areas identified by the Foundation as benefitting the least from strategic support organisations such as Pilotlight.

5. About the Garfield Weston Foundation:

Established in 1958, the Garfield Weston Foundation is a family-founded, grant-making charity which supports causes across the UK. In its latest financial year, the Foundation donated over £100 million. Since it was established, it has exceeded donations of more than £1.5 billion, of which well over half has been given in the past ten years.

One of the most respected charitable institutions in the UK, the Weston Family Trustees are descendants of the founder and they take a highly active and hands-on approach. The Foundation's funding comes from an endowment of shares in the family business which includes Twinings, Primark, Kingsmill (all part of Associated British Foods Plc) and Fortnum & Mason, amongst others – a successful model that still endures today; as the businesses have grown, so too have the charitable donations.

Known for its transparency, flexibility and straightforward approach, the Foundation supports a broad range of charities from small community organisations to large national institutions. Around 2,000 charities across the UK benefit each year from the Foundation's grants. <https://garfieldweston.org/>
